

Concentrated Oxygen Destainer

Liquid Color-Safe Laundry Bleach

Product Number 4312

Description

This blend of oxygen bleaching agents is safe to use on colored fabrics. Helps to brighten and destain without the harsh effects of chlorine releasing bleaches. Helps reduce the chance of stains caused by an iron loaded water supply. Can be used with enzyme detergent systems.

Directions

Product can be added to wash cycle, or to a separate bleach cycle immediately following the wash cycle. Ideal pH of bleach cycle should be between 11.0-12.0 and the water temperature above 150°F. Use 2-4 ounces per 50 pounds of linen.

Technical Data

Form.....	Liquid	pH (1% solution).....	4.0-4.5
Color	Clear	Viscosity	Light
Scent.....	N/A	Density	8.94 lbs./gallon
Solubility.....	Rapid		

Product Category: Conquest System/Laundry

DOT Shipping Information: Hydrogen Peroxide, Aqueous Solutions, 5.1, UN2984, III

Cautions

Contains hydrogen peroxide. Do not mix with acid or chlorine products. Do not store near source of heat or flame. Do not ingest or allow contact with skin or eyes. If ingested: Drink plenty of water and get medical attention immediately. Do not induce vomiting unless instructed by a physician to do so. Never give fluids to an unconscious person. In case of eye contact: If contacts are worn, remove them, then raise eyelids and flush eyes with clear water for 15 minutes making sure to flush under eyelids. Get medical attention immediately. In case of skin contact: Remove contaminated clothing. Flush skin areas with clear water, then wash with a mild soap. If irritation occurs, get medical attention. In case of inhalation: Move victim to fresh air. Get medical advice. Refer to your Material Safety Data Sheet for additional cautions and handling procedures.
