

# Alkaline Detergent

## Concentrated Built Laundry Detergent

Product Code 4317

### Description

A special blend of surfactants and alkalis combined with water conditioners and brighteners that provide clean linens without the use of a break/builder. This clear, pump able product handles the toughest soils and water conditions. Breaks dirt and holds it in suspension for easy removal. For institutional and industrial use.

### Directions

This product is designed for use as a combination break and detergent. Add product during the wash cycle at a rate of 1-2 ounces per 50 pounds of laundry. Amount used will depend upon soil load and water conditions. Consult your service technician for exact usage.
