

# Chlorinated Destainer

## Chlorinated Laundry Bleach & Destainer

Product Number 4318

### Description

A concentrated, liquid chlorine releasing bleach with effective stain removing properties. Disperses quickly in water to prevent damage to fabrics. Penetrates to remove stubborn stains. Should not be used on colored fabrics or used on delicate fabrics. For use with automatic dispensing equipment.

### Directions

Designed only for use in the ConQuest system. Our easy to handle container is designed to eliminate the difficulties associated with the handling of heavy pails and drums.

Slide the lever to "Open" on the ConQuest rack. Remove empty container from rack and dispose of properly. Secure the desired replacement container from storage. Remove shipping cap from container. Place container into a properly marked ConQuest rack, making sure that product is placed into the correct slot. Push gently so that the product container engages the top portion of rack and that it will not move any further. Slide lever to "Close". Product is now ready to dispense.

Your service representative will set the concentration to match your needs. Typical usage is 2 – 4 ounces per 50 pound load.

### Technical Data

Form.....	Liquid	pH (1% solution).....	10.0-10.5
Color .....	Yellow, Clear	Viscosity .....	Light
Scent.....	Chlorine	Density .....	8.74 lbs./gallon
