

Aqua Suds

Concentrated Solid Manual Detergent

Product Number 4483

Description

This highly concentrated solid detergent is perfect to use in every kitchen. Dispenses a rich portion of detergent without waste. Provides the most cleaning power per ounce of any solid product available! *Designed to work in concentrations as low as ¼ ounce per sink!*

Works quickly to clean plates, glasses, dishes, pots, pans, utensils, and equipment. Suspends greasy soils to allow for easy rinsing without leaving a slippery residue. Very economical to use while taking up less storage space. A neutral pH assures safety for employee handling. Pleasantly fragranced.

Directions

This product should be dispensed only from equipment designed specifically to handle solid capsule detergents. Remove cap and place inverted capsule into bowl unit. Set the detergent timer to flush an adequate amount of water against block and flow into sink. Fill the remainder of the sink with warm/hot water. Wash kitchenware in sink. Rinse and sanitize as required. For best results, use the Aqua Suds Test Kit to verify desired concentration.

For pots and pans that require extra soaking, direct detergent solution into sink and fill with warm to hot water. Place pots and pans into sink and allow to soak until the soils can be easily removed.

Technical Data

Form	Solid	Foam	High
Color	Green/Teal	pH (at use dilution)	8.5+
Scent	Floral	Phosphated	No

Product Category: Manual Detergents

DOT Shipping Name: Compound, Cleaning, Dry

Cautions

Contains synthetic detergents and wetting agents. Do not ingest or allow contact with skin or eyes. If ingested: Drink plenty of water and get medical attention immediately. Do not induce vomiting unless instructed by a physician to do so. Never give fluids to an unconscious person. In case of eye contact: If contacts are worn, remove them, then raise eyelids and flush eyes with clear water for 15 minutes making sure to flush under eyelids. Get medical attention immediately. In case of skin contact: Remove contaminated clothing. Flush skin areas with clear water, then wash with a mild soap. If irritation occurs, get medical attention. In case of inhalation: Move victim to fresh air. Get medical advice. Refer to your Material Safety Data Sheet for additional cautions and handling procedures.
