## Heavy Duty Rinse Additive

Product Number 4585

### Description

A concentrated, liquid drying agent designed for hot temperature dishwashing in hard water areas and in high total dissolved solids (TDS) conditions. Helps to minimize the effects from poor water conditions and reduces film build-up on internal surfaces of dish machine. Allows water to sheet from kitchenware without causing spots or streaks. Speeds drying time.

### Directions

For automatic injection, dispense directly from shipping container. Average amount used is 1 ml. per gallon of rinse water. Recommended temperature range is 180-190°F.

### Technical Data

Color .....	Clear, Blue
Scent.....	N/A
Biodegradable.....	Yes
pH (1% solution) .....	3.3-3.5
Viscosity.....	Medium
Density.....	8.65 pounds/gallon

**Product Category:** Warewash/Mechanical Washing

**DOT Shipping Name:** Compound, Cleaning, Liquid

### Cautions

Contains wetting agents. Do not ingest or allow contact with skin or eyes. **If ingested:** Drink plenty of water and get medical attention immediately. Do not induce vomiting unless instructed by a physician to do so. Never give fluids to an unconscious person. **In case of eye contact:** If contacts are worn, remove and dispose of them, then raise eyelids and flush eyes with clear water for 15 minutes making sure to flush under eyelids. Get medical attention immediately. **In case of skin contact:** Remove contaminated clothing. Flush skin areas with clear water, then wash with a mild soap. If irritation occurs, get medical attention. **In case of inhalation:** Move victim to fresh air. Get medical advice. Refer to your Material Safety Data Sheet for additional cautions and handling procedures.
