Crystal Solid Rinse Additive

Environmentally Preferred Solid Warewash Drying Agent

Product Code 4656

Description

This product utilizes the latest ingredients that are less hazardous to environment without sacrificing performance. A concentrated solid drying agent designed for use in both hot and low temperature dish washing. Provides for rapid rinsing and spot-free drying. Effective in a wide range of water conditions. Safe on all dish machine surfaces and components. Designed specifically for use in solid rinse dispensers. Not for use in household dish washers. Approved by the EPA's Design for the Environment Program (DfE).

Directions

This product should be dispensed only from equipment designed specifically to handle solid capsule products. Before loading dispenser, dish machine should be in the off position to prevent accidental water spray from contacting kitchen personnel. Your service technician will set your concentration to yield proper results. Wash temperature should be at least 140-150°F (60-68°C). Change water when noticeably dirty. For proper sanitizing in hot temp applications, rinse water should be maintained at 180-190°F (82-90°C). In low temp applications, this product is compatible with chlorine sanitizers.

Technical Data

Color	Opaque, Blue	Biodegradable	Yes
Form	Solid	pH (1% solution)	7.2-7.5
Scent	N/A		

Product Category: Warewash/Mechanical Washing / **DOT Shipping Name:** Compound, Cleaning, Solid

Cautions

Contains wetting agents. Do not ingest or allow contact with skin or eyes. **If ingested:** Drink plenty of water and get medical attention immediately. Do not induce vomiting unless instructed by a physician to do so. Never give fluids to an unconscious person. **In case of eye contact:** If contacts are worn, remove and dispose of them, then raise eyelids and flush eyes with clear water for 15 minutes making sure to flush under eyelids. Get medical attention immediately. **In case of skin contact:** Remove contaminated clothing. Flush skin areas with clear water, then wash with a mild soap. If irritation occurs, get medical attention. **In case of inhalation:** Move victim to fresh air. Get medical advice. Refer to your Material Safety Data Sheet for additional cautions and handling procedures.
