## Concentrated Solid Manual Detergent

Product Number 4685

### Description

This product utilizes the latest ingredients that are less hazardous to environment without sacrificing performance. This highly concentrated solid detergent is perfect to use in every kitchen. Dispenses a rich portion of detergent without waste. Provides the most cleaning power per ounce of any solid product available!

Works quickly to clean plates, glasses, dishes, pots, pans, utensils, and equipment. Suspends greasy soils to allow for easy rinsing without leaving a slippery residue. Very economical to use while taking up less storage space. A neutral pH assures safety for employee handling. Pleasantly fragranced.

### Directions

This product should be dispensed only from equipment designed specifically to handle solid capsule detergents. Remove cap and place inverted capsule into bowl unit. Set the detergent timer to flush an adequate amount of water against block and flow into sink. Average use is .25 – 1.0 ounce per 10 gallons of clean water. Fill the remainder of the sink with warm/hot water. Wash kitchenware in sink. Rinse and sanitize as required.

For pots and pans that require extra soaking, direct detergent solution into sink and fill with warm to hot water. Place pots and pans into sink and allow soaking until the soils can be easily removed.

### Technical Data

Form .....	Solid	Foam .....	High
Color .....	Yellow	pH (at use dilution) .....	8.5+
Scent .....	Floral	Phosphated .....	No

**Product Category:** Manual Detergents
