

Rinse Clear HW

Heavy Duty Rinse Additive for Hard Water

Product Number 4730

Description

A concentrated, liquid drying agent designed for hot temperature dishwashing in hard water areas and in high total dissolved solids (TDS) conditions. Helps to minimize the effects from poor water conditions and reduces film build-up on internal surfaces of dish machine. Allows water to sheet from kitchenware without causing spots or streaks. Speeds drying time.

Directions

Designed only for use in the ConQuest system. Our easy to handle container is designed to eliminate the difficulties associated with the handling of heavy pails and drums.

Slide the lever to "Open" on the ConQuest rack. Remove empty container from rack and dispose of properly. Secure the desired replacement container from storage. Remove shipping cap from container. Place container into a properly marked ConQuest rack, making sure that product is placed into the correct slot. Push gently so that the product container engages the top portion of rack and that it will not move any further. Slide lever to "Close". Product is now ready to dispense.

Your service representative will set the concentration to match your needs. Typical usage is 1ml. per gallon.

Technical Data

Color	Clear, Blue	pH (1% solution).....	3.3-3.5
Scent.....	N/A	Viscosity	Medium
Biodegradable.....	Yes	Density	8.65 lbs./gallon

Product Category: Warewash/Mechanical Washing

DOT Shipping Name: Compound, Cleaning, Liquid

Cautions

Contains wetting agents. Do not ingest or allow contact with skin or eyes. If ingested: Drink plenty of water and get medical attention immediately. Do not induce vomiting unless instructed by a physician to do so. Never give fluids to an unconscious person. In case of eye contact: If contacts are worn, remove them, then raise eyelids and flush eyes with clear water for 15 minutes making sure to flush under eyelids. Get medical attention immediately. In case of skin contact: Remove contaminated clothing. Flush skin areas with clear water, then wash with a mild soap. If irritation occurs, get medical attention. In case of inhalation: Move victim to fresh air. Get medical advice. Refer to your Material Safety Data Sheet for additional cautions and handling procedures.
