

# EcoFirst Lime Safe

## Environmentally Preferred Lime Scale Remover

Product Number 4658

### Description

This product utilizes the latest ingredients that are less hazardous to environment without sacrificing performance. Designed to rid the dishmachine of scale and lime formations due to hard water precipitates. This balanced product works quickly to brighten internal surfaces and leave them sparkling. Contains special surfactants that degrease internal surfaces of machine. Approved by the EPA's Safer Choice Program.

### Directions

Drain, flush, and clean out dish machine. Pull screens and flush to clean. Disconnect dispensing equipment to prevent the addition of detergent during descaling operation. Close drain of dishmachine. Add 1 ounce of delimer per gallon of water capacity for the dishmachine. Fill machine to normal operating level with hot water. Run machine in manual mode for up to 5 minutes. Check to see if lime scale is being removed. If this is an initial treatment or there is a severe lime problem, increase the amount of delimer being used. Drain dishmachine and flush thoroughly with clear water. Fill dishmachine and run through a normal operating cycle. Drain and flush again. Engage the dispensing equipment. **DO NOT USE WITH OR STORE NEAR CHLORINE BLEACH.**

### Technical Data

Form .....	Liquid	Foam .....	None
Color .....	Clear, Tan	Viscosity .....	Medium
Scent.....	None	Density .....	8.75 lbs./gallon
pH (1%).....	<2.0		

**Product Category:** Warewash/Mechanical Washing  
**DOT Shipping Information:** Compound, Cleaning, Liquid

### Cautions

Contains acidic compounds. Do not ingest or allow contact with skin or eyes. **If ingested:** Drink plenty of water and get medical attention immediately. Do not induce vomiting unless instructed by a physician to do so. Never give fluids to an unconscious person. **In case of eye contact:** If contacts are worn, remove and dispose of them, then raise eyelids and flush eyes with clear water for 15 minutes making sure to flush under eyelids. Get medical attention immediately. **In case of skin contact:** Remove contaminated clothing. Flush skin areas with clear water, then wash with a mild soap. If irritation occurs, get medical attention. **In case of inhalation:** Move victim to fresh air. Get medical advice. Refer to your Material Safety Data Sheet for additional cautions and handling procedures.
