Assura™ HYGIENE

Solid No Spot

Solid Rinse Additive and Drying Agent

A concentrated solid drying agent designed for use in both hot and low temperature dish washing. Provides for rapid rinsing and spot-free drying. Effective in a wide range of water conditions. Safe on all dish machine surfaces and components. Designed specifically for use in solid rinse dispensers. Not for use in household dish washers.

Form	Solid
Color	Blue
Scent	None
pH (1%)	7
Shelf Life	2 Years

When stored unopened in dry place out of direct sunlight.

DOT Shipping Classification: NOT REGULATED UNDER U.S. DEPARTMENT OF TRANSPORTATION REGULATIONS (29 CFR).

Directions

This product should be dispensed only from equipment designed specifically to handle solid capsule products. Before loading dispenser, dish machine should be in the off position to prevent accidental water spray from contacting kitchen personnel. Your service technician will set your concentration to yield proper results. Wash temperature should be at least 140-150ºF (60-68ºC). Change water when noticeably dirty. For proper sanitizing in hot temp applications, rinse water should be maintained at 180-190ºF (82-90ºC). In low temp applications, this product is compatible with chlorine sanitizers.

Safety Information

HAZARDS/PRECAUTIONS: No GHS phrases apply.

Refer to the SDS for Response/First Aid and additional product information.

STORAGE & DISPOSAL: Dispose of contents & container to waste after rinsing according to local/state regulations.
