

Industrial Alkali

Industrial Laundry Alkali Concentrate

Product Number 4151

Description

An alkali break solution used to increase the performances of liquid detergents in high soil conditions. Helps to break soils and condition water. Allows for quick and easy removal of soils in the "suds" cycle. This highly concentrated formula is designed for injection systems in institutional and industrial laundries. Ideally suited for larger laundries with machines over 100 pounds of capacity.

Directions

Sort laundry by fabric type and soil load. Presoak and/or prespot if necessary. Load wash machine with linens. Do not overload. Dispense product directly from shipping container into the break cycle or wash cycle. Average use is 3-6 ounces per 100 pounds. Sour and soften linens to desired finish. Do not over-soften to prevent damage to fabrics. When souring, amount used will depend upon method of finishing (dryer, folder, ironer). Consult your service technician for exact usage.

Technical Data

Form.....	Liquid	pH.....	13+
Color	Clear	Viscosity	Medium
Scent.....	None	Density	12.09 lbs./gallons

DOT Shipping Name: Corrosive, Liquid, Basic, Inorganic, N.O.S.,(Contains Sodium Hydroxide),8,UN3266,II

DANGER

HAZARDS: Causes severe skin burns and eye damage.

PRECAUTIONS: Wash hands thoroughly after handling. Wear protective gloves and eye protection.

RESPONSE/FIRST AID: Have product container or label with you when calling poison control center or physician. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or physician for treatment advice. **IF ON SKIN (or hair):** Remove immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison control center or physician for treatment advice. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing.

STORAGE & DISPOSAL: Store locked up. Dispose of contents/container to trash after rinsing container.
