## Heavy Duty Built Laundry Detergent

Product Code 4169

### Description

A special blend of surfactants and alkalis combined with water conditioners and brighteners that provide clean linens without the use of a break/builder. This clear, pumpable product handles tough soils and water conditions. Breaks dirt and holds it in suspension for easy removal. For institutional and industrial use.

### Directions

Sort laundry by fabric type and soil load. Presoak and/or prespot if necessary. Load wash machine with linens. Do not overload. Dispense product directly from shipping container. Typical usage: Add product during the wash cycle at a rate of 2-3 ounces per 50 pounds of laundry for light soils; 4-6 ounces per 50 pounds of laundry for medium soils. Due to the viscosity of this product, it is recommended that a 3/8" pickup line be used for automatic dispensing. Consult your service technician for exact usage for your facility.

### Technical Data

Form.....	Liquid	pH (1% solution).....	>11.5
Color .....	Green-Blue, Clear	Foam .....	Moderate
Scent.....	Mild Scent	Viscosity .....	Moderate
Biodegradable.....	Yes	Density .....	10.133 pounds/gallon
