

Concentrated Alkali

Concentrated Laundry Alkali, Non-Phosphated

Product Number 4182

Description

A heavy duty, liquid alkali designed to provide the highest boost per ounce than regular alkali solutions. Perfect for use in washing rags, table linens, smocks/aprons, uniforms and bed pads. Designed for use in soft to medium water hardness. Formulated for easier rinsing.

Directions

Designed only for use in the ConQuest system. Our easy to handle container is designed to eliminate the difficulties associated with the handling of heavy pails and drums.

Remove shipping cap from concentrated container. Place container into a properly marked ConQuest rack. Secure the specially designed cap adapter onto the bottle, making sure the dispensing tube corresponds with that product. Product is now ready to dispense.

See your service representative for setting automated dilution. Amount used will depend upon item cleaned and soil amount.

Technical Data

Form.....	Liquid	Rinsability	Excellent
Color.....	Clear, Brown	Foam	Low
Scent.....	N/A	Density	12.5 lbs./gallon
pH (1% solution).....	12.5
