Powdered Laundry Sour

Product Number 4220

Description

A concentrated powdered sour designed to neutralize residual alkalinity found in freshly washed fabrics. Reduces the chance for skin irritation occurring from bed linens and clothing. Helps reduce the effect of hard water and minimizes discoloration from iron in the water supply. Easily soluble in water. Can also be used as a reclaim compound for linens that are discolored from hardness or iron. For institutional and industrial use only.

Directions

For normal souring, add 1-2 ounces per 50 pounds of linen into final rinse cycle. Safe to use in conjunction with softeners and starches. Use the PDQ Universal pH Indicator to ensure final pH is between 6.0-7.0. Consult your service technician for exact usage.

For reclaiming discolored linens, disconnect all dispensing equipment to be sure that the sour is not mixed with other chemicals. Add 8-16 ounces per 50 pounds of linens into a hot water cycle. Allow to agitate for at least 15 minutes. Allow machine to complete the remainder of the wash cycle to provide ample rinsing of linens. Check pH of finished linens. If pH is lower than 6.0, rinse the linens again or until the final pH is above 6.0. When finished, re-connect dispensing equipment.

Technical Data

Form	Powder	Rinsability	Excellent
Color	White	Solubility	Rapid
Scent	N/A	pH (1% solution)	2.5-3.0

Product Category: Laundry Systems/Powders & Solids

DOT Shipping Name: Compound, Cleaning, Dry

DANGER

HAZARDS: Toxic if swallowed or in contact with skin. Toxic if inhaled.

PRECAUTIONS: Avoid breathing dust, mist, vapors or spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection.

RESPONSE/FIRST AID: Have product container or label with you when calling poison control center or physician. **IF SWALLOWED:** Rinse mouth with water. Call a POISON CENTER or physician if feeling unwell. **IF ON SKIN:** Wash with plenty of soap and water. Take off contaminated clothing and wash before re-use. If skin irritation occurs, get medical advice/attention. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention.

STORAGE & DISPOSAL: Store locked up. Dispose of contents/container in accordance with all national, state and local regulations.
