

Super Punch

Metal Safe Mechanical Detergent

Product Number 4250

Description

A heavy duty powder designed for the removal of tough food soils. Contains low foaming surfactants as well as it's own rinse additive to assure one pass cleaning without spots. Effective in soft and hard water. Safe for use on soft metals, aluminum, or pewter.

Directions

For Manual Feed: add 4-5 ounces every 5 racks of dishes. Change machine wash water when noticeably dirty.

For Automatic Dispensing: add product to covered bowl or reservoir unit. Maximum results are obtained when wash temperature is maintained at 145-155°F. If water temperatures are too low, fat soils are not softened and cleaning efficiency will decrease. If water is too hot, soils may become flash dried to the kitchen ware, thus making it more difficult to remove.

Technical Data

Color	White	pH (1% solution)	11.4-12.4
Scent.....	None	Phosphated.....	Yes
Rinsability.....	Excellent		

Product Category: Warewash/Mechanical Washing

DOT Shipping Name: Compound, Cleaning, Dry

DANGER

HAZARDS: Causes severe skin burns and eye damage. Causes serious eye irritation. May cause respiratory irritation. Suspected of causing cancer via ingestion of large quantities of material.

PRECAUTIONS: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Avoid breathing dust/vapors/spray. Wash hands thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection.

RESPONSE/FIRST AID: Have product container or label with you when calling poison control center or physician. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Immediately call a doctor or Poison Control Center for treatment advice. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention. **IF ON SKIN (or hair):** Remove immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Seek medical advice if feeling unwell.

STORAGE & DISPOSAL: Stored locked up. Dispose of contents/container to waste after rinsing.
