## High Performance Mechanical Detergent

Product Code 4286

### Description

A chlorinated, highly alkaline powdered product designed for use in hard water (above 5 grains). Helps to prevent the formation of scale on machine surfaces and on cleaned dishes and glasses. The fast acting alkali source solubilizes food soils for easy removal. Unique sequesterants provide for spectacular results. Low-foaming surfactants reduce surface tension for easier penetration of food soils and provide for easier rinsing. Packaged in a unique dispenser jar designed for ease of use.

### Directions

Pull the plastic tab on top of jar to remove cover and expose screen surface. Invert canister so that screen surface is pointing downward into dispenser. Do not get product on hands or into eyes. Turn machine on so that water will feed the dispenser unit and dissolve product into the dish washing machine. Water feeding the dispenser unit should not exceed 140°F.

Maximum results are obtained when wash temperature is maintained at 145-155°F. If water temperatures are too low, fat soils are not softened and cleaning efficiency will decrease. If water is too hot, soils may become flash dried to the kitchenware, thus making it more difficult to remove. This product is highly alkaline. Do not use on aluminum, silver plate, or pewter.

### Technical Data

|             |                 |                        |           |
|-------------|-----------------|------------------------|-----------|
| Form .....  | Powder          | Rinsability .....      | Excellent |
| Color ..... | White           | pH (1% solution) ..... | 12.3-13.3 |
| Scent ..... | Slight Chlorine |                        |           |

**Product Category:** Warewash/Mechanical Washing

**DOT Shipping Information:** Corrosive Solid, Basic, Inorganic, N.O.S., (Contains Sodium Hydroxide), 8, UN3262, II

### DANGER

**HAZARDS:** Causes severe skin burns and eye damage. Causes serious eye irritation. May cause respiratory irritation. Toxic to aquatic life with long lasting effects. **PRECAUTIONS:** Avoid breathing dust, mist or spray. Wash hands thoroughly after handling. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection.

**RESPONSE/FIRST AID:** Have product container or label with you when calling poison control center or physician. Collect spillage. Absorb spillage to prevent material damage. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician. **IF ON SKIN (or hair):** Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Seek medical advice if feeling unwell. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison control center or physician for treatment advice.

**STORAGE & DISPOSAL:** Store locked up. Dispose of contents/container to trash after rinsing container.
