

Flatware Presoak

Alkaline Flatware Presoak

Product Number 4300

Description

The most cleaning power per drop! Perfect for use in meat markets, delis, food plants, kitchen and supermarket applications. Helps to minimize your delivery and inventory costs as well as storage space. Softens soils for easier removal in mechanical dish washer. Rinses quickly and easily from surfaces. The product is environmentally preferred as it does not contain Phosphates or NTA! Not for use on soft metals.

Directions

Designed only for use in the ConQuest system. Our easy to handle container is designed to eliminate the difficulties associated with the handling of heavy pails and drums. Remove shipping cap from concentrated container. Place container into a properly marked ConQuest rack. Secure the specially designed cap adapter onto the bottle, making sure the dispensing tube corresponds with that product. Product is now ready to dispense. See your service representative for setting automated dilution. Amount used will depend upon item cleaned and soil amount.
