

Solar Power

Heavy Duty Emulsion Laundry Detergent

Product Code 4530

Description

A special blend of surfactants and alkalis combined with water conditioners and brighteners that provide clean linens without the use of a break/builder. This pump able slurry handles the toughest soils and water conditions. Breaks soil and holds it in suspension for easy removal. For institutional and industrial use.

Directions

This product is designed for use as a combination break and detergent. Add product during the wash cycle at a rate of 1-2 ounces per 50 pounds of laundry for light soils; 2-4 ounces per 50 pounds of laundry for medium soils. Due to the viscosity of this product, it is recommended that a 1/4" (inside diameter) pickup line be used for automatic dispensing. See out special Technical Addendum for tips and suggestions on the proper use of this unique product. Consult your service technician for exact usage.

Technical Data

Form	Liquid, Emulsion, Slurry	Phosphated.....	No
Color	Yellow, Opaque	pH (1% solution)	13.0 +
Scent.....	N/A	Foam.....	Moderate, Controlled
