## Heavy Duty Solid Mechanical Detergent

Product Code 4532

### Description

A highly alkaline solid detergent designed for use in all water conditions. Helps to prevent the formation of scale on machine surfaces and on cleaned dishes and glasses. The fast acting alkali source solubilizes food soils for easy removal. Low-foaming surfactants reduce surface tension for easier penetration of food soils and provide for easier rinsing. Packaged in a unique dispenser jar designed for ease of use.

### Directions

Remove cap from the container and invert canister so that open surface is pointing downward into the bowl dispenser. Do not get product on hands or into eyes. Turn machine on so that water will feed the dispenser unit and dissolve product into the dish washing machine. For consistent feeding of product, it is suggested that cold or warm water be used to dissolve product and suggested water feed temperature not to exceed 140°F.

Dish machine wash tank water will yield maximum results when the wash temperature is maintained at 145-155°F. If the water temperatures are too low, fat soils are not softened and cleaning efficiency will decrease. If water is too hot, soils may become flash dried to the kitchenware, thus making it more difficult to remove. This product is highly alkaline. **Do not use on aluminum, silver plate, or pewter.**

### Technical Data

Form .....	Solid	Rinsability .....	Excellent
Color .....	White	Phosphated .....	Yes
Odor .....	None	pH (1% solution) .....	12.3-13.3

**Product Category:** Warewash/Mechanical Washing

**DOT Shipping Information:** Corrosive Solid, Basic, Inorganic, N.O.S., (Contains Sodium Hydroxide), 8, UN3262, II

#### DANGER

**HAZARDS:** Causes severe skin burns and eye damage.

**PRECAUTIONS:** Do not breathe mist, vapors or spray generated from the dispensing of the product. Wash hands thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.

**RESPONSE/FIRST AID:** Have the product container or label with you when calling poison control center or physician. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER/doctor. **IF ON SKIN (or hair):** Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Seek medical attention if feeling unwell.

**STORAGE & DISPOSAL:** Store locked up. Dispose of contents/container to trash after rinsing container.
