

Foaming Emulsifier

High Active Cleaner for Food Plants/Supermarkets

Product Number 4586

Description

The most cleaning power per drop! Less than 2 containers of this highly concentrated, highly active product can replace a 5 gallon pail. Product can be used in hard and soft water. Perfect for use in meat markets, delis, food plants, kitchen and supermarket applications. Helps to minimize your delivery and inventory costs as well as storage space. Quickly emulsifies greasy soils for easy removal. Provides long lasting suds and cleaning power. Rinses quickly and easily from surfaces. The product is environmentally preferred as it does not contain Phosphates or NTA!

Directions

Designed only for use in the ConQuest system. Our easy to handle container is designed to eliminate the difficulties associated with the handling of heavy pails and drums.

Remove shipping cap from concentrated container. Place container into a properly marked ConQuest rack. Secure the specially designed cap adapter onto the bottle, making sure the dispensing tube corresponds with that product. Product is now ready to dispense. See your service representative for setting automated dilution. Amount used will depend upon item cleaned and soil amount.
