

# Power Clean Extra

## Concentrated Liquid Mechanical Detergent

Product Number 4590

### Description

The most cleaning power per drop! Less than 2 containers of this highly concentrated, highly active product can replace a 5 gallon pail. Utilizing the latest advances in formulating technology, we have designed a product that can be used in high and low temperature applications as well as hard and soft water. Perfect for fixed cost accounts as it delivers exceptional results at low usage. Helps to minimize your delivery and inventory costs as well as storage space. Quickly emulsifies greasy soils for easy removal. Rinses quickly and easily from surfaces. The product is environmentally preferred as it does not contain Phosphates or NTA!

### Directions

Designed only for use in the ConQuest system. Our easy to handle container is designed to eliminate the difficulties associated with the handling of heavy pails and drums.

Designed only for use in the ConQuest system. Our easy to handle container is designed to eliminate the difficulties associated with the handling of heavy pails and drums. Remove shipping cap from concentrated container. Place container into a properly marked ConQuest rack. Secure the specially designed cap adapter onto the bottle, making sure the dispensing tube corresponds with that product. Product is now ready to dispense.

Your service representative will set the concentration to match your needs. Typical usage is 3 – 6 ml. per cycle.
