

Solid No Spot

Solid Warewash Drying Agent

Product Code 4599

Description

A concentrated solid drying agent designed for use in both hot and low temperature dish washing. Provides for rapid rinsing and spot-free drying. Effective in a wide range of water conditions. Safe on all dish machine surfaces and components. Designed specifically for use in solid rinse dispensers. Not for use in household dish washers.

Directions

This product should be dispensed only from equipment designed specifically to handle solid capsule products. Before loading dispenser, dish machine should be in the off position to prevent accidental water spray from contacting kitchen personnel. Your service technician will set your concentration to yield proper results. Wash temperature should be at least 140-150°F (60-68°C). Change water when noticeably dirty. For proper sanitizing in hot temp applications, rinse water should be maintained at 180-190°F (82-90°C). In low temp applications, this product is compatible with chlorine sanitizers.

Technical Data

Color Opaque, Blue
Form Solid
Scent..... N/A
Biodegradable..... Yes
pH (1% solution) 7.2-7.5

Product Category: Warewash/Mechanical Washing

DOT Shipping Name: Compound, Cleaning, Solid

HAZARDS AND PRECAUTIONS: No GHS phrases apply.

RESPONSE/FIRST AID: Have product container or label with you when calling poison control center or physician. **IF SWALLOWED:** Rinse mouth. Seek medical attention if you feel unwell. **IF ON SKIN (or hair):** Remove/take off immediately all contaminated clothing. Rinse skin with water/shower for at least 15 minutes. Wash contaminated clothing before reuse. **IF IN EYES:** Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, seek medical advice.

STORAGE & DISPOSAL: No GHS phrases apply. Dispose of contents/container to trash after rinsing container. See the Safety Data Sheet for additional information.
