

Enviro Rinse

Environmentally Preferred Rinse Aid/Drying Agent

Product Code 4619

Description

This product utilizes the latest ingredients that are less hazardous to environment without sacrificing performance. This product provides excellent sheeting action on machine washed kitchenware. Glasses and plates dry quickly without spots. Safe for use on all surfaces! EPA Safer Choice Certified.

Directions

Designed only for use in the ConQuest system. Our easy to handle container is designed to eliminate the difficulties associated with the handling of heavy pails and drums. Slide the lever to "Open" on the ConQuest rack. Remove empty container from rack and dispose of properly. Secure the desired replacement container from storage. Remove shipping cap from container. Place container into a properly marked ConQuest rack, making sure that product is placed into the correct slot. Push gently so that the product container engages the top portion of rack and that it will not move any further. Slide lever to "Close". Product is now ready to dispense.

Your service representative will set the concentration to match your needs.
