

# Glisten XL

## Heavy Duty Solid Mechanical Detergent

Product Code 4791

- *Highly Concentrated*
- *99.5% Phosphate Free*
- *Higher Rack Yields*
- *Less Product Needed – Less Packaging Waste*

### Description

A highly alkaline solid detergent designed for use in most water conditions. The fast acting alkali source solubilizes food soils for easy removal. Low-foaming surfactants reduce surface tension for easier penetration of food soils and provide for easier rinsing. Packaged in a unique dispenser jar designed for ease of handling. For areas with water hardness exceeding 6 grains, use of a hard water drying agent is suggested.

### Directions

Remove cap from the container and invert canister so that open surface is pointing downward into the bowl dispenser. Do not get product on hands or into eyes. Turn machine on so that water will feed the dispenser unit and dissolve product into the dish washing machine. For consistent feeding of product, it is suggested that cold or warm water be used to dissolve product and suggested water feed temperature not to exceed 140°F.

Dish machine wash tank water will yield maximum results when the wash temperature is maintained at 145-155°F. If the water temperatures are too low, fat soils are not softened causing a decrease in cleaning efficiency. If water is too hot, soils may become flash dried to the kitchenware, thus making it more difficult to remove. This product is highly alkaline.

**Do not use on aluminum, silver plate, or pewter.**

### Technical Data

Form .....	Solid	Rinsability .....	Excellent
Color .....	Off-White/Tan	pH (1% solution) .....	12.3-13.3
Odor .....	None		

**Product Category:** Warewash/Mechanical Washing

**DOT Shipping Information:** Corrosive Solid, Basic, Inorganic, N.O.S., (Contains Sodium Hydroxide), 8, UN3262, II

**DANGER: HAZARDS:** Causes severe skin burns and eye damage. Causes serious eye irritation. Harmful if swallowed. Causes serious eye damage. May cause long lasting harmful effects to aquatic life. **PRECAUTIONS:** Do not breathe dust/fume/gas/mist/vapors/spray. Wash hands thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Do not eat, drink or smoke when using this product. Avoid release to the environment.

**RESPONSE/FIRST AID:** Have the product container or label with you when calling poison control center or physician. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER/doctor. **IF ON SKIN (or hair):** Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Have product container or label with you when calling poison control center or physician. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Seek medical attention if feeling unwell.

**STORAGE & DISPOSAL:** Store locked up. Users are advised to determine the appropriate disposal method based on local, state and federal regulations and comply with those regulations.
