When stored unopened in dry place out of direct sunlight.

DOT Shipping Classification: UN 3262, CORROSIVE SOLID, BASIC, INORGANIC, N.O.S. (CONTAINS SODIUM HYDROXIDE), CLASS 8, PG II

Directions

This product should only be used with appropriate closed loop dispensing systems designed for solid chemistry. Remove cap. Turn upside down and place into the dispensing bowl. Be careful not to get product on hands or into eyes. Scrape and flush gross soils from kitchenware prior to machine washing. Machine wash water should be changed when noticeably dirty. When kitchenware is removed from machine, set aside to air dry. When dry, place into a sanitary storage area. See your chemical specialist for exact usage amount and directions.
