

# Cleaning Products Right to Know Act Worksheet

Product ID: 4987  
Date: February 1, 2021

| Listing Order | Chemical Name<br>Order Heierarchy- CSPA/INCI, IUPAC, CAS, Common Chemical<br>Choose 1 | CAS #     | Associated List | Functional Purpose |
|---------------|---|-----------|-----------------|--------------------|
| 1             | Sodium Chloride   | 7647-14-5 | None            | Diluent            |
| 2             | Citric Acid   | 77-92-9   | None            | Acidulant          |
| 3             |   |           |                 |                    |
| 4             |   |           |                 |                    |
| 5             |   |           |                 |                    |
| 6             |   |           |                 |                    |
| 7             |   |           |                 |                    |
| 8             |   |           |                 |                    |
| 9             |   |           |                 |                    |
| 10            |   |           |                 |                    |
| 11            |   |           |                 |                    |
| 12            |   |           |                 |                    |
| 13            |   |           |                 |                    |
| 14            |   |           |                 |                    |
| 15            |   |           |                 |                    |
| 16            |   |           |                 |                    |
| 17            |   |           |                 |                    |
| 18            |   |           |                 |                    |
| 19            |   |           |                 |                    |
| 20            |   |           |                 |                    |
| 21            |   |           |                 |                    |
| 22            |   |           |                 |                    |
| 23            |   |           |                 |                    |
| 24            |   |           |                 |                    |
| 25            |   |           |                 |                    |
